

**REMARKS**

In the Office Action mailed July 13, 2005, the drawings were objected; and claims 1-4 are allowed. The foregoing objection is respectfully traversed.

In accordance with the foregoing, the specification and FIG. 3 have been amended to recite "a detection device 55".

Further, "cover 23" has been replaced with "cover 52" at page 9 of the specification, to correspond to FIG. 3.

Claims 1-4 are pending and under consideration. None of the claims have been amended herein.

Withdrawal of the foregoing objection is respectfully requested.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

Finally, if there are any formal matters remaining after this response, the Examiner is requested to telephone the undersigned to attend to these matters.

If there are any additional fees associated with filing of this Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

**AMENDMENTS TO THE DRAWINGS:**

In the Office Action at page 2, the Examiner objected to the drawings for not illustrating "a detection device" as mentioned in claim 1. In order to overcome these objections, replacement FIG. 3 is submitted herewith. Therefore, withdrawal of the objection to the drawing is respectfully requested.
